

**Proposed amendment to the 'Definitions' section
of the Greenfield Zoning Ordinance, Chapter 200**

Proposed by Councilors Dolan and Wheeler

200-2.1 TERMS AND WORDS_____

Add the following definitions:

DWELLING, THREE-FAMILY -- A detached building containing three (3) dwelling units, intended and designed to be occupied by three (3) families, where each of the three (3) units, or any portion thereof, must be above or below at least one (1) of the other units.

SINGLE HOUSEKEEPING UNIT -- An interactive group of any number of persons jointly occupying a dwelling unit, including joint access to and use of common areas within the dwelling unit, and sharing household activities and responsibilities such as meals, chores, expenses and maintenance, and whose makeup is determined by the members of the unit rather than by the landlord, property manager, or other third party.

Remove the following definition:

~~**FAMILY** -- Any number of individuals related by blood or marriage or not more than four (4) individuals not so related, living and cooking together on the premises as a single housekeeping unit. Each additional unrelated individual over four (4) shall constitute another family.~~_____

Amend the following definitions:

DWELLING, MULTIFAMILY -- A structure containing ~~three (3)~~ **four (4)** or more dwelling units, irrespective of ownership or tenure including apartments, efficiency apartments, and townhouses.

Rationale: This change closes a discrepancy between the zoning code, which defines anything more than 2 units as multifamily, and the mortgage industry, which does not require commercial loans unless a building contains more than 4 units, by introducing a new use, 'three-family dwelling,' a building mode common in parts of Massachusetts that imparts walkable urban density while retaining a traditional neighborhood feel, encouraging economically resilient communities by enabling owner-occupants to pursue supplementary income. The other change pursues goals stated on pages 130-131 of the Sustainable Master Plan by expanding the definition of a housekeeping unit beyond the traditional family, allowing for greater flexibility in living arrangements, to "ensure housing units and neighborhoods adapt to meet changing needs."
